You'll get to see how this amazingly talented man wrote (and how he wrote it). Here are those gems he wrote about, including his defense of the constitution (known as his "house divided" speech), slavery, etc. etc. The film is a bit dodgy, with a number of bad acting and bad writing, but the story, still, is pretty good. It has a mostly successful cast of actors. Kevin Smith (Anchorman, The Office) was nominated for an Academy Award for Best Supporting Actor for this role. Did you know he played a lawyer in this? That's right, it's the same Lincoln who played "Honest Abe" in the TV series, but then, you knew that, right? Lincoln. (It's pretty much so you don't have to click "more on this actor") Nate, this is a good one. It was not a very well-done Lincoln biopic. Granted, he is an amazing biographer, and knew the character in some level of detail. But it is a movie. And movies are supposed to be a little fantastical, so why not? The other thing to remember about Lincoln is that he was a very "liberal" president, right around when it was quite normal for a president to be a Democrat. He was pro-union and a staunch supporter of women's rights. His own father called him a "bleeding heart" liberal and a "fine man." He also was not a very good president. He fought a war on the wrong side and his presidency was just plain terrible, taking a "t 82157476af
